Tiago Soriano

FullStack & Blockchain Developer | Web3 dApps | React, Node.js, Solidity
Balneário Camboriú, Santa Catarina, Brazil

Summary

Passionate FullStack & Blockchain Developer with over 5 years of experience in building web and decentralized applications (dApps) that drive user engagement and business growth. Expert in React.js, Node.js, TypeScript, and Solidity.

Key Achievements:

- Led the development of an NFT marketplace, contributing to significant user adoption and transaction volume.
- Optimized an IDO Launchpad, enhancing user experience and improving performance.
- Developed a WebRTC meeting platform with real-time chat and video, increasing user engagement.
- Engineered smart contracts focused on efficiency, reducing gas fees and saving costs for users.
- Committed to delivering high-quality, scalable solutions and continuously learning new technologies.

Let's connect to explore opportunities in Web3, blockchain, and decentralized applications.
